EXPERIENCE

Medi-Caps University ACM Student Chapter

Content Writer - Executive Member (Oct 2021 - Present)

- As a newbie in college, I was overwhelmed when I got a chance to be a part of the MU-ACM. I was recruited as a content writer.
- While researching current scenarios, I wrote several blogs, social media captions, and long WhatsApp messages for invitations.
- My contribution to MU-ACM's website also took the form of building the site.

The Bug Community

Content Writer (Nov 2021 - Feb 2022)

- As a Content Writer, I worked for a digital marketing company called TBC. I have written technical and non-technical content such as blogs, posts, SEO writing, etc.
- Working with real clients gave me a great deal of experience in how to handle projects.
- The act of writing enhances my vocabulary and communication skills, as well as my time management, teamwork, and leadership skills.
